Dear UWU Members

Thank you kindly for your correspondence welcoming me to the role of Chief Executive Officer of Ambulance Victoria. I sincerely appreciate your well wishes and the opportunity to build a strong, collaborative partnership with the United Workers Union as an important representative body for the wonderful people that make up Ambulance Victoria.

Throughout my career, I've always valued the thoughtful, people-focused contributions of union partners. Together, we share a deep commitment to the wellbeing of our people. At the heart of that, and of the trade union movement, is a commitment to fairness and a recognition that organisations deliver great services when they take care of the people that make up that organisation. Ambulance Victoria is no different and our collaborative partnership with UWU is no exception.

In addition to my commitment to listening to and learning from our workforce, I make that same commitment to listen and learn from the United Workers Union. I commit to regular engagement with you and to listening to and learning from the experience of your members, as well as including you in decision-making so that we can create an organisation where our people feel seen, heard and valued. In that respect, I have asked Clarissa Guest, my Executive Assistant, to work with you to schedule an initial meeting. I very much look forward to that, and to our ongoing working relationship.

Sincerely

A handwritten signature in blue ink, appearing to read "Jordan Emery".
